Objective

Java Back-end Developer

Education

01.09.18 – 01.07.22 - BSUIR: IEF.
10.06.2013 – 10.06.2017 - English tutor.

Work experience

22.07.20 - 16.02.21 – Coding School TeachMeSkills
Course: Back-End -Java Developer.
Description: Development with Java(Spring, Hibernate, HTML, CSS).
My project thesis was: Courses of languages.
For implementation I used: Spring Boot, Spring Security, Spring Data JPA, Java Mail, JSP and some (CSS, JS).
I added the necessary technologies: localization, pagination.
Link of my project:
https://github.com/Isamyrat/Course-Project
30.03.2022 – 30.04.2022 - I completed an internship at GPSOLUTIONS. Worked in a team with the following technologies: Spring Data, Spring Security, Druid, LiqueBase, Docker and Jira.

Summary

I want to tell you a little about my hobby: from a young age, I liked learning, self-development and sports, I like to watch football and hockey. And at the expense of training, I used to study English and took 2 times first place in the city Olympiads. Now I study programming, different technologies and different languages.

Skills

• Java

• Spring

• Docker

• Hibernate

• React

• HTML 5, CSS, JS

• GIT, Bitbucket

English - Intermediate.
